Incursion Information:

As part of our Science and Technology Integrated Inquiry, 3/4 LW, LM, TW, FE, MPO, CM, TWi, DFi and MP have the opportunity to attend a performance by Questacon's *Excited Particles* performers.

The **Spectacular Science Show** will support and extend our students as we consider the question, 'What are forces and what would happen if there were none?', and explore the underpinning concepts of systems, energy and forces and working scientifically. The fun, hands on activities will explore contact/non-contact forces, different types of forces, simple machines and practical everyday applications of a scientific understanding of forces.

Staff accompanying students for incursions will take all reasonable care while the students are in their charge to protect them from injury and to control and supervise their behaviour and activities

I authorise the teacher in charge of this incursion to make arrangements for the welfare of my child, including medical or surgical treatment in an emergency. I also agree to meet the costs associated with any emergency arrangement.

I agree that my child will be under the authority of the school for the duration of the incursion, and that the teacher in charge is authorised to return the student home at the expense of the parent/carer if the teacher in charge considers that circumstances warrant such action.

Parents should be aware that staff members are not responsible for injuries or damage to property which may occur on an incursion where, in all circumstances, staff have not been negligent. Parents should warn children of the risk to themselves, to others and to property, of impulsive, wilful or disobedient behaviour.

While all contributions towards school events are voluntary, we welcome the support of our parent community, so that this is a viable outing for all students. If you have concerns about the payment, please contact the Principal or Business Manager on 6142 2200.
