Kindergarten Student Led Exhibitions of Learning

Dear Parents/Carers,

At Harrison School, we believe in the significance of reflecting on, and celebrating learning. Kindergarten classes will be conducting **Student Led Exhibitions of Learning** in Week 2, Term 3.

The Exhibitions are designed to provide students with the opportunity to share their achievements, reflect on their learning and set personalised goals for the coming semester. This will be done as a collaborative process between students, teachers, parents and carers. The process is student led and teachers will prepare students prior to the exhibition, as well as be available for support and guidance (as required) at the times listed below.

As a guide, Student Led Exhibitions of Learning extend for approximately **15 minutes**. Families can select a suitable time to attend on either Tuesday or Thursday evening.

Tuesday July 25 3:30pm - 5:30pm

Thursday July 27 4:30pm – 6:30pm

If you have any further questions, please contact your child's classroom teacher.

Kind Regards,

Jan Kilsby & Laura Weckert
Foundation Team Leaders
