SCHOOL

20 March 2017

Life Choices Foundation Program

Dear Parents/Guardians,

This semester Harrison School will be facilitating the Life Choices Program for all year 10 students. This 1 hour program runs under the Welfare and Well-being curriculum and covers topics such as Drugs, Alcohol, Safe Driving, Social Media, Relationship, and Values & Beliefs.

The Life Choices Program is designed to challenge young people to think through the consequences of their decisions. Andrew Fisher is a successful V8 Supercar race car driver that delivers a fast paced and action packed multimedia presentation. Andrew uses his life experiences to challenge the students to be courageous and encourages the students to think through the consequences of some life's more important decisions. The program is taken to a whole new level when the team displays their replica race car and a 'real' V8.

Venue: Harrison School PATS Building
Date: Wednesday 5 April 2017
Time: 9:55am till 10:50am
Cost: Nil

Please return the slip below to the Senior Office by Friday 31 March 2017 if you **DO NOT** want your child to attend the program.

If you wish to discuss the program activities further, please contact either Shaun Hodson or Laura Simsen at shaun.hodson@ed.act.edu.au or laura.simsen@ed.act.edu.au or phone 6142 2285.

Kind Regards,

Shaun Hodson
