

Message for Harrison School community

Tuesday 11 September 2018

Dear parents and carers,

As most of you know, a P&C forum will be held tomorrow Wednesday 12 September, at 7 pm at the hall to address the recent finding of non-friable asbestos material at some of the school's garden beds.

Education Support Office staff, WorkSafe representatives and health experts have been invited to join the community event to answer any outstanding questions you might have.

To date, I have been providing daily updates with relevant information around this issue as soon as it's become available. You can access these daily updates in the Community News area of our website http://www.harrison.act.edu.au/our_community/community_news.

To make information as accessible as possible, the Education Directorate has shared a few services available to the community if required. If you have difficulty reading a standard printed publication and would like to receive this publication in an alternative format, such as large print, please phone 13 22 81.

If English is not your first language and you require a translating and interpreting service, please phone 13 14 50 and ask for 13 22 81.

I look forward to seeing you at the forum tomorrow. Please feel free to contact me if you have further questions.

Regards,

Jason
